DAVIS' LAST CHILD

Death of Daughter of President of The Confederacy.

HER BODY WAS CREMATED

Effort Was Made to Keep It a Secret. Deceased Was Mrs. J. Addison Hayes—Confederate Veterans Notified.

(By Wire to the Morning Star.)

New Orleans, July 19.—Official announcement of the death of Mrs. J. Addison Hayes, the last surviving child of President Jefferson Davis of the Confederate States of America, was made to the United Confederate Veterans in a general order issued this afternoon from the headquarters of that organization in this city. The order, issued by command of General Clement A. Evans, commander in chief is as follows:

"With extreme sorrow, the General commanding makes official announcement of the death of the last member of the immediate household of Jefferson Davis, our beloved and only President. Mrs. J. Addison (Margaret Davis) Hayes died at her home in Colorado Springs late yesterday afternoon.

"Like her distinguished mother, Mrs. Hayes did not enjoy the best of health and was on this account denied the pleasure of attending the reunions of the U. C. V. to the same extent as her charming sister 'Winnie.. Yet she was often able to be present at these annual gatherings, and the 'Boys' of the Confederate armies ever greeted her with that hearty affection that they felt for her immortal father.

"Gifted in mind, charming in manner, winning in behavior, she won the affections of all who knew her intimately. She will long be remembered by all the members of this order."

Body Was Cremated.

Colorado Springs, Col., July 19.—The body of Mrs. J. Addison Hayes, of Colorado Springs, daughter of the late Jefferson Davis, who died at her home here last night, was cremated at the Riverside Crematory, Denver, this afternoon. The cremation was private and an effort was made to keep it a secret.

GATHERING AT GARLAND

Elders and Deacons Have Interesting Day at South River.

(Special Star Correspondence.)

Garland, N. C., July 19.—On yesterday a meeting of the elders and deacons of the Black River group of churches was held at South River Presbyterian church near this place. The address of welcome was by Mr. Angus Cromartie and the response by the moderator, Mr. Irving Shaw. An address on the "Possibilities and Duties of the Eldership," by Mr. A. F. Johnson, an elder in the Clinton church, was much enjoyed by all. The "Forward Movement," was briefly presented by the pastor of these churches, Rev. K. MacCaskil, after which a good collection was taken for the cause. At noon a recess was taken and an elegant dinner served on the grounds.

At the afternoon sevice an excellent address on "Christian Education" was made by Rev. J. E. L. Winecoff. Following this there were talks on, "Presbyterianism in Our Group," its past and present, by Mr. William Sloan and its future by Rev. K. MacCaskil. Special music was furnished on this occasion by the choir of South River church. All the exercises of the day were benefitting and enjoyed by those present.

VINDICATION FOR MAJ. GRANT

Sensational Trial in Wake Superior Court Results in Conviction—Blind Tiger Raided—Charters for Enterprises

(Special Star Telegram.)

Raleigh, N. C., July 19.—After being out one hour, the jury in the Superior Court here returned a verdict of guilty against Maude Kelly and William Jones this evening. The verdict is construed to be a vindication for Major H. L. Grant, clerk of the Federal Court. Judge Allen has not yet passed sentence.

The maximum sentence is two years and they will probably get this term. They were charged with living together in criminal intimacy and the evidence seemed to develop a conspiracy against Maj. Grant, who owned the house in which the woman lived.

Victor Andrews, a young electrician, son of W. R. Andrews, a traveling machinery salesman, missed death by the narrowest margin tonight through coming in contact with a live wire in adjusting lights at the Airdome. Physicians say had his rescue been even a few seconds delayed, death would have resulted. Several who rescued him were painfully shocked in tearing him away from the wire.

A squad of Raleigh police, in the early hours of Sunday morning raided the restaurant of Bud Hall, near Johnston street station, and captured a barrel of whiskey. The place had been suspected for quite a while as a blind tiger but previous raids had been unsuccessful. It was this same negro who was in the courts some weeks ago for having shot another negro with a revolver, the bullet having flattened out on the skull of his victim and dropped to the sidewalk.

Charters for five new enterprises were issued today: Jasper Miller & Sons Co., Charlotte, for dealing in cotton waste, linten, cotton yarns and the general manufacture of cotton goods, capital $20,000 by Jasper Miller, Mrs. Minnie F. Miller, C. L. Miller and O. L. Watts. T. A. Walker & Co., of Greensboro, capital $25,000 by T. A. Walker, W. J. Alexander, Cincinnati, C. M. Wheeler and Wade Stockard, Greensboro. The Country Club, R. F. D. No. 2, Concord, capital $10,000 by M. L. Means, J. W. Seaborn and others, and the Gaston Drug Co., Newbern, capital $5,000 by D. N. Middleton, W. L. Cantwell and others.

SLAYS BROTHER WITH HOE.

Wayne County Man Killed Him When He Found Him Choking His Wife.

(By Wire to the Morning Star.)

Charlotte, N. C., July 19.—At Pattatown, Wayne county, Sunday night James Bivens instantly killed his brother David, with a hoe. The slayer surrendered to the authorities at Goldsboro this morning and following a preliminary examination was released on $200 bond for his appearance at the August term of court. Bivens stated he heard his wife screaming in his cotton field and running up was startled to see her being choked to death by his brother. After felling his brother, James Bivens carried his wife home and by vigorous efforts saved her life. The dead man's wife testified that the killing was justifiable.

UNFAVORABLE FOR COTTON

Ginners' Report Shows That Conditions Are Lowest Ever Known at This Time of Season—Rains in Carolinas.

(By Wire to the Morning Star.)

Memphis, Tenn., July 19.—J. A. Taylor, president of the National Ginners' Association, today issued the following special report on the cotton crop:

"Reports from about half our correspondents under average date of the 16th, indicate a condition of .72 and under. This is the lowest condition ever known at this date. Some parts of Alabama, Mississippi, Louisiana and Arkansas show slight improvement but others show deterioration. Texas shows heavy deterioration on account of severe drought and hot winds. Scattered rains have fallen since these reports, but in most cases have come too late. It is the concensus that rains now will only make the plant shed more rapidly and there is little chance to make a crop from the new growth on account of the weevil. Heavy rains in Georgia and the Carolinas have caused a small loss in condition in that region. Oklahoma shows considerable loss in about half the State, due to hot, dry weather; the other half about holds it own. Reports from the weevil district are that the damage being done now is much less than in June but with rain the damage will increase. The condition will likely show further loss between now and the 25th unless there are general rains of two to three days in Texas."

Parents who have boys to send off to a fitting school should send for the catalogue of Oak Ridge Institute before deciding where to send their sons. This school has been before the public 57 years and has been under the present owners 34 years. Its location is superb; its terms are reasonable; and its record is the finest. TAFT'S TARIFF PLAN

Invites Republican Conferees to Dine at White House.

ABOLITION OF THE DUTIES

On Raw Material and the Progress Toward Carrying His Measure to Success Prime Object of Dinner—Tariff.

(By Wire to the Morning Star.)

Washington, July 19.—All the Republican members of the tariff conferees have been invited by President Taft to take dinner with him Wednesday night at the White House. It is assumed that he expects to be ready to report progress in getting votes for the abolition of duties on raw materials.

Senator Crane today endorsed the attitude of the President on the question of reducing duties on raw materials.

Speaker Cannon said that the conferees must frame the programmes for passing the conference report through the House and the Senate, and that the representatives of the two branches would have to assume the responsibility for their actions. This remark was understood to signify that a binding rule could not be looked for to carry an unpopular report through the House.

There was no indication of a lack of understanding between the leaders of the Senate and House. If the mutterings of dissatisfaction heard about the Senate office today may be taken as a criterion the Senate leaders are confronted with no easy task. Strangely enough, many of the protests against the free raw material programme are coming from the progressive Republican faction which fought hardest for downward revision.

Senator Borah stated today that if the free raw material programme was adopted some of the Western Senators would be afraid to go home and could not expect to continue representing their States in Washington. He is in sympathy with President Taft's attitude on the question of downward revision but declares that it should not be confined to raw materials.

Circulating about the Capitol today was a persistent rumor that the President would not be satisfied with free iron ore and oil and reduced duties on coal, hides and lumber. Many Senators appeared to believe this report and expressed the opinion that he would insist upon hides and coal being placed upon the free list. Senators who visited the White House did not confirm the report upon their return to the Capitol, but at the same time they were unable to contradict it.

Among the older members of the Senate and House it was predicted that the President would demand every concession possible to obtain without endangering the adoption of the report.

When the conferees meet about the White House board on Wednesday night it is probable that the President will be informed just what concessions can be made without jeopardizing the passage of the conference report.

Today the conferees devoted their attention mainly to the revision of the corporation tax provision, which was adopted, and to the removal of a great deal of the chaff left from the formal consideration of the bill.

An effort was made today to dispose of the wood pulp and print paper schedule. The retaliatory publication concerning pulp wood was re-written and it is now believed that it will prove satisfactory to American mills. The duty on print paper is still in controversy.

PITTSBURG STRIKE SITUATION.

5,000 Steel Workers Will Carry Their Fight to Court—Remains Quiet.

(By Wire to the Morning Star.)

Pittsburg, July 19.—With the 5,000 striking employes of the Pressed Steel Car Company clinging desperately to the hope that the courts will take action on the matters at issue between themselves and he company tomorrow and compel resumption of the mills pending the arbitration of all existing differences, the sixth day of the strike at the McKees Rock plant passed today, unmarred by even the slightest disturbance.

It is loudly proclaimed in labor circles that in the event of the court declining tomorrow to pass on the merits of the dispute the men now holding the strikers in check will find it impossible to longer exert this restraining influence and that riot and bloodshed will again prevail.

The employers make no secret of the fact that they will dispute the court's jurisdiction in the matter and oppose the issuance of any injunction to prevent them from permanently discharging the first 600 men who walked out of their shops and precipitated the strike. The right of the court to prohibit the importation of strike breakers will also be challenged.

A DARING AERONAUT

Frenchman Makes Bold Attempt to Cross English Channel.

MACHINE PLUNGED INTO SEA

Aviator and His Machine Rescued—Another Frenchman Will Try Wrights' Aeroplane—Nearly Mile a Minute.

(By Cable to the Morning Star.)

Calais, July 19.—Herbert Latham, the French aviator, made a daring but unsuccessful attempt to cross the English channel in his monoplane this morning. He got away splendidly, under perfect conditions, from the top of the chalf cliff at Sangette and had covered over half the distance at an average height of 500 feet when the motor slowed down and he was obliged to descend.

The air space of the wings, however, kept the machine afloat and the monoplane lying like a wounded bird, was stretched out on the water when the French torpedo boat destroyer Harpon, which had kept abreast throughout the journey, same alongside and picked up the aviator. M. Latham was not wet and still sat on the saddle, which is located above the wings and behind the motor, calmly smoking a cigarette.

He immediately announced that he was not discouraged by the failure and would try again as soon as the machine was repaired. The injuries to the monoplane were slight, the principal damage being caused when it was hauled aboard the torpedo boat destroyer.

The motor is intact. The watchers on both shores had an anxious hour after the machine was lost to view behind a thin veil of fog on the French side and apprehension was not allayed until it was reported at Calais that the Harpon was returning with M. Latham, uninjured, aboard. On landing, the aeronaut was given a frantic reception.

The failure of the motor is attributed to a bad carbureter on the monoplane which, when 400 feetin the air, began to descend. When the machine was 200 feet above the water M. Latham shut off the power and the machine glided down gently, alighting on the waves with hardly a splash. In a brief interview M. Latham said:

"I cannot exactly say what stopped the motor. I tried to get the engine working again but could not and was obliged to fly gradually down to the sea. The heavy motor immediately went under water, but the machine itself floated like a cork, and I lifted my feet onto a spar to keep them dry. I found my matches still dry, and so was able to light a cigarette. I believe the machine would have floated for two hours in a calm sea, but the wings were soon broken to shreds.

"My experience has shown me that the English channel can be crossed. Never mind, I will have another Antoinette monoplane from Charlons with which another attempt will be made to cross the channel within a week or ten days."

M. Latham left Calais for Paris this afternoon.

Will Try Wright Machine.

Wissans, France, July 19.—Count DeLambert is here with two Wright aeroplanes which are now ready to make a series of flights. In view of Herbert Latham's accident today, it is believed that Count DeLambert will attempt to cross the English channel with an American machine before M. Latham is again ready to make the flight.

Flying Nearly Mile a Minute.

Arras, France, July 19.—M. Paulham, the aeronaut, today made a cross country flight with a Wright aeroplane from this town to Douai. He covered the 20 kilometers in 22 minutes. After covering three kilometers on the return trip, the rising wind forced Mr. Paulham to descend and on alightning the rudder was broken.

WARM WIRELETS.

Henry Harmon Neill, real estate editor of the New York Evening Mail, died in New York yesterday. He was born in England in 1864. Mr. Neill was a son of the late H. M. Neill, of New Orleans.

Orville Wright made a successful flight in his aeroplane at Fort Myer, late yesterday remaining in the air 25 minutes and 22 seconds, making the round of the parade grounds twenty five and one-half times. He landed without mishap.

George W. Gail, one of the wealthiest and best known citizens of Baltimore, died yesterday, following an operation for an intestinal perforation due to typhoid fever. Mr. Gail was the son of the late G. W. Gail, founded of the old tobacco firm of Gail & Ax. He was 44 years old.

The superintendents of all the Bradstreets Southeast division, including the States of Georgia, Alabama, Virginia, Mississippi, North and South Carolina, Florida and Texas gathered in Atlanta last night for a three days' session. They declare that financial and trade conditions in their States were never so healthy nor the outlook ever so bright.

TELLS OF SUTTON'S DEATH

Class Mate of Dead Lieutenant Examined and Day Was Replete With Dramatic Situations—Discredit Suicide Theory.

(By Wire to the Morning Star.)

Annapolis, Md., July 19.—The opening session here today of the court of inquiry which is conducting a second investigation into the death of Lieutenant James Nuttle Sutton, of the United States Marine Corps, was replete with dramatic situations.

The court assembled in the big auditorium of the Academic building. The very largeness of the hall added to the atmosphere of solemnity.

Lieut. Robert E. Adams, Sutton's former classmate at the Academy, and one of the principal actors in the midnight fight which cost young Sutton his life nearly two years ago, occupied the witness stand during the entire session and told a graphic story of the incidents leading up to Sutton's death.

Under the severe cross examination of Henry E. Davis, counsel for Mrs. Sutton, the young officer sat facing Sutton's mother and sister during his examination.

His brother officers, Lieuts. Brown and Osterman, flanked by Adams' two lawyers, sat farther down the inquiry table. Major Henry Leonard, U. S. M. C., the judge advocate and the three members of the board, completed the impressive sitting in their white service uniforms.

At one point in his testimony Lieut. Adams and an orderly enacted the struggle with Sutton, in the court room. The witness chair was removed and they both lay prone upon the floor. The witness was still under cross examination when the inquiry adjourned until tomorrow morning.

Mr. Davis succeeded in bringing out a number of discrepancies in Adams' testimony today compared with his version of the tragedy at the former investigation when the board of inquiry found that Sutton died by his own hand.

A ride to the marine camp in an automobile with Sutton and two other officers of marine, Lieuts. Utley and Osterman, an altercation between Sutton and the witness and a deferred encounter when the senior officer interfered, as the automobile was stopped short of the camp with the intention of avoiding being caught returning after hours; a later accidental meeting of the witness and Sutton, on the border of the woods near the barracks and the fight between the two with Sutton armed with a revolver in either hand and firing five shots, the last of which he directed at his own head while lying on the ground, these were the points in Adams' testimony.

The witness said he had risen from the prostrate Sutton whom he believed to be exhausted and stood a few feet back of him when he saw Sutton raise his right hand and fire a bullet into his own head. Just previously one of the officers who had come upon the scene had cried that Lieut. Edward P. Roelker had been shot and killed, the witness said.

Adams had made no attempt to take the revolver from Sutton's hands when he broke away or was pulled from him, he said, in reply to Lawyer Davis' oft repeated question.

Sutton had previously threatened to kill and was generally avoided by the Marine because of his wild talk and actions, according to the witness.

ELLA GINGLES NOT GUILTY

Irish Lace Maker Acquitted of Charge of Theft—Charges Against Miss Barrette are Denounced as Untrue.

(By Wire to the Morning Star.)

Chicago, July 19.—Ella Gingles was cleared tonight of the charge of stealing lace from Miss Agnes Barrette, her former employer, but the story she told on the witness stand to the effect that an attempt was made to force her into "white slavery," was denounced as untrue by the jury that freed her.

The verdict was as follows: "We, the jury, find the defendant not guilty and we, the jury, further find that the charges made against Miss Agnes Barrette were unfounded and are untrue."

The basis of the defense made by Miss Gingles' counsel was that Miss Barrette and others had attacked her and mistreated her in the Wellington hotel on two occasions last Winter, and that the object of these attacks and of the theft charge was to force her to be sold to an unnamed man in French Lick Springs, Ind.

The jury was out seven hours. The court room was nearly vacant when the jury came in.

Miss Gingles shook hands with the jurors. Juror Thomas Mackey, the oldest man on the panel, said: "Now be a good girl Ella. Go back to your home in Ireland and be a good girl." The girl nodded her head and turned away.

Five ballots were taken by the jury. The first was eight for acquittal and four for conviction. Those voting for conviction did so mainly from their belief that the girl's stories of the weired outrages committed against her were untrue. They were won over to acquittal by the addition to the verdict of the clause exonerating Miss Barrette.

Wilmington	26	27	.491
Fayetteville	22	26	.458
Rocky Mount	17	31	.354

In the game yesterday at Goldsboro it was Howard pitted against Harry Otis and the honors fell to the latter, Wilmington losing to the top-notchers by a score of four to nothing, two errors of the Sailor lads contributing to the result. The game at the electric matinee at Struthers' was watched with much interest and there was much disappointment at the result after a game so strenuously fought.

Nichols, first up for Wilmington, fanned but Guerrant followed with a single that looked good until Smith fouled out to catcher and Brodie fanned. Hemp, recently released from Wilmington, was the first Giant to face Howard and he smashed out a single to centre and was sacrificed by Gettig, scoring when "Kid" Smith clouted another to centre for an extra cushion, Smith being caught at third trying to stretch his hit into a triple. Steinbach then ended the running by fanning.

Levy, Sharp and Jayes were out from the infield in the second and for Goldsboro Crockett was out second to first and after Doak drew a pass and stole second, Sharp was out second to first, Doak going to third and dying there when Stubbe fanned.

In the third Kite was out, pitcher to first; Howard flew to centre; Nichols was hit by a pitched ball but Guerrant was out, pitcher to first. Otis, first up for Goldsboro, was safe on error of second and was sacrificed by Hemp but Gettig and Smith were retired from the infield.

It was hard luck for Wilmington in the fourth for after Smith was out short to first, Brodie made a nice single through short and Levy was safe on first but Brodie was out on fielder's choice. Sharp, next up, piloted one to right for a couple of cushions, Levy going to third, but Jayes was out second to first. For Goldsboro after Steinbach was out, pitcher to first, Crockett singled to right and was sacrificed by Doak; Sharp then walked and Stubbe was hit by a pitched ball but "Your Uncle Reuben" went after Otis who flew out to first.

In the fifth Kite fanned and then Howard took a stroll to first but was forced at second on Nichols' hit to short, Nichols being out trying second after Guerrant was up. Hemp, Gettig and Smith were out from the infield for the Giants.

Guerrant opened the sixth by fanning and after Smith was out third to first, Brodie smashed out another to centre but was out with designs on second, Levy at bat. After Steinbach was out pitcher to first for Goldsboro and Crockett was retired at Sack 1, unassisted, Doak and Sharp made successive singles, but Stubbe left them dead when he flew to short.

In the seventh Levy was out pitcher to first and after Sharp had singled to centre, he was caught off second, Jayes fanning. For Goldsboro after Otis was out short to first and Hemp flew to left; Gettig singled to left but Smith flew to first.

Kie fouled out in the eighth, Howard was out pitcher to first, Nichols drew four balls but Guerrant was out for attempting to bunt third strike. Goldsboro clinched the game in her half after Steinbach flew to right. Crockett hit to second and was safe on Nichols' error; Doak hit to Howard, who was slow and all hands were safe, Crockett on third; Sharp up and Doak stole second; Sharp hit to left who threw wild home to catch Crockett but both he and Doak scored. Then after Stubbe flew out to right, Otis bit hot to Howard and Sharp scored, having gone previously to third on Stubbe's long fly to right; Hemp ended it by flying to right.

Wilmington alone figured in the ninth, Smith being out pitcher to first, Brodie second to first and Sharp the same after Levy had drawn a pass.

SHOW THE EDITORS THE CAPE FEAR.

The Fayetteville Index, a live newspaper and one of The Star's most highly esteemed contemporaries, makes a suggestion which we heartily endorse. The Index wants the State Press Association to hold a unique meeting beginning in Fayetteville and ending at Wilmington, which is to say at Wrightsville Beach. Here is what Editor Parham says:

"The Index moves now that the North Carolina Press Association meet next year in Fayetteville, take an outing trip on steamboat down the historic Cape Fear from here to Wilming. hold its business sessions at Wrightsville Beach and adjourn there. We believe such an arrangement would be practicable and pleasant.

"The steamboat lines would give special excursion rates for the trip, and the railroads would doubtless make the trip tickets from the editors homes to Fayetteville and from Wilmington to their homes.

"This arrangement would put the sessions of the Association at one of the most popular summer resorts of the State, and would add to that the pleasure of the longest river trip in the State, on the largest river in the State—the river that is to become the great commercial gateway of North Carolina. The trip in summer is thoroughly restful and perfectly delightful—no smoke, no dust, no cinders, no roar and grind of car wheels, no crowding into hot, close cars, but quiet, cool and breezy gliding by day and night on the placid waters through a section that for historic interest is not surpassed in the State. The time required for the trip is a day and a night. The editorial party could leave Fayetteville after breakfast one morning and be in Wilmington for breakfast next morning. The comforts and accommodations are splendid.

"To Fayetteville such an arrangement would mean more advertising throughout every nook and corner of the State than she has had in many years. But the greatest benefit to this section would be the incidental exploitation of the possibilities of the Cape Fear as a waterway and the advantages to the State at large of its improvement. And consequently it would mean a deeper interest in the project to canal the river and stronger sentiment throughout the State in favor of the scheme.

"The editors could not but become deeply impressed with the immense value to the State of the canalization of the Cape Fear, nor could they fail to be delighted with the fine trip.

"Who seconds the motion? What say the executive committee?"

The Star will second the motion at this end of the line. We would like to have the editors with us. They would have their eyes opened to the possibilities of a great waterway development along the Cape Fear, a project which will add immensely to the transpotation facilities of a large area of North Carolina and greatly benefit vicinities not alone in this State but in upper South Carolina. It would be a grand thing for Fayetteville, and Wrightsville Beach for the newspaper men to come on just such a novel jaunt a sthe Index suggests.

GREENSBORO'S NEW PAPER.

The Greensboro Daily News, successor to the Greensboro Industrial News, made its appearance at Greensboro on Sunday. It is published by the Daily News Company, of which Colonel E. C. Duncan is president and Congressman C. H. Cowles is vice president. The editor and manager is Mr. Z. P. Smith, Mr. Harrison Cruikshank, managing editor, and Mr. W. Giles Mebane associate editor. The staff is one of exceptionable ability and the magnificent initial number demonstrates it in every column and on every page. The paper made its appearance on Sunday and it consisted ed of 32 pages of as superior journalistic work as we have ever seen in North Carolina.

The Daily News is Republican in politics but it puts its foot forward first as a real newspaper. The "foreword" of the editor, in lieu of the stereotyped "salutatory" promulgates the policy of the paper and therefrom it is to be understood that the company will publish a Republican newspaper of a high class character that will entitle it to enter any home. The telegraphic and other news service is complete, and if ever a Republican paper had expectations to succeed in North Carolina upon its merits, it is the Daily News.

BEHOLD OTHER PEOPLE'S TROUBLES.

While Democrats are complaining that a few of their Senators and Representatives are alleged to have proven false to their party pledges, the Republicans are complaining that most all their outfit at Washington have actually nullified the tariff plank of the Republican platform and about unanimously violated all their campaign promises of revising the tariff downward in the interest of consumers. Most all of us have our excentricities and inconsistencies and we are liable to fly the track that some other fellow thinks is the only straight road, but let us take hope. Oh, we've got troubles of our own, but evidently the Republican party is in a worse fix than the party which has had the animule palmed off on it for a trade mark.

THE STATESVILLE SENTINEL.

The Statesville Daily Mascot has ceased publication and has been converted into a semi-weekly with the title of "The Statesville Sentinel." In make-up, in quality of news, in quantity of select readable matter, typographically and editorially, The Sentinel is creditable to its town. It deserves hearty support, and The Star wishes that it may long stand on the watchtower. The editor of the paper is Mr. J. J. Gunter, and the publishers are Messrs. Vance Norwood and J. J. Gunter, both experienced newspaper makers. Mr. Norwood is a Wilmingtonian, and having been brought up in a print shop, he knows all about the practical side of the business.

Professor T. J. J. See, astronomer in charge of the Naval Observatory at Mare Island, San Francisco, announces that he has discovered what the moon is made of. He claims that he's got the figures to prove it but some of our lady friends can prove that those figures certainly lie, for they can easily make some of their gentlemen friends believe that the moon is made out of green cheese.

The ex-Shah of Persia refused to see a deputation sent to notify him that he had been dethroned, because he saw no use of being informed of a fact which he already knew. The Shah realized that he was down and out and didn't care to have it rubbed into him. In that respect he is like some of us who don't want to be reminded of what we have done and want to forget.

A Hungarian poet has arrived among the immigrants landed at Ellis Island, New York. It is hard to understand why the authorities admit these pauper poets to compete with out native near-poets. Another thing, if he writes in Hungarian we won't be able to understand any more about what he is trying to say than we do of some home productions.

The Jacksonville Times-Union remarks: "Press dispatches indicate that the tariff bill is unpopular throughout the country. If the dissatisfied will just hold that way of thinking until the next election it will be all right." Now, you said something.

Ex-President Castro begs to be allowed to return to Venezuela so he can be buried in his native land. If he will have the funeral without any delay, perhaps no one will object. He is a dead duck anyhow.

CURRENT COMMENT.

—Seedy trials such as that given the negro rapist in Raileigh the other day furnish the best answer to the question of how to abolish liynching.—Winston-Salem Journal.

—Investigation of the sugar tax evasion in Japan has shown that the sugar trust in that country has defrauded the government by short weights, out of 4,000,000 yen. How much alike the trusts are all the world over!—Savannah News.

—If the ghost of the old Populist party is hanging around anywhere, it will have to smile at the experience which the Democracy is having. The Republican party is purloining from the Democracy the principles which the latter purloined from Populism. If the process doesn't hlep the Republican party any more than it did the Democratic party, the former has committed hara-kiri.—Norfolk Landmark.

—It would be well for Baltimore's wholesale merchants to paste in their hats this paragraph which appeared in The Wilmington Star: "It is said that 'Baltimore is making a strong bid for Southern trade just at this time.' Baltimore's plan used to be to come after it instead of 'bid' for it. What is the matter with Baltimore?" The Star's hint if taken might solve the problem which seems to be giving them so much trouble.—Charlotte Observer.

—Bristol, Virginia-Tennessee, now occupies a more than ever unique position. The line dividing Virginia and Tennessee runs down the principal street of the city, and on more than one occasion this circumstance has been the cause of interesting incidents. Yesterday the Virginia side of Bristol, which has been "dry" for several years, decided to restore the saloons. All Tennessee is "dry," and nearly all of Virginia surrounding Bristol is in the same condition. Hence it may seem that in addition to her fame as a two-state city, Bristol is likely to acquire inter-rtate promiuence as an irrigating station.—Newport News Press.

—The Wilmington Star notes that North Carolina has many towns that are of the very salt of the earth, judging from the way each newspaper talks about its town. And we suspect that the newspapers overdraw the picture very little, if any at all. North Carolina is peculiar in that the State has so many live, hustling wide-awake towns rather than one or two big cities that over-top and over-shadow everything else. There are some half a dozen big towns in the State and there are a large number of smaller ones—smaller in size but imbued with the same spirit of thrift, progress and energetic action. Our State is fortunate in this respect. It is much better for all of our people to have a large number of local markets than to have only one or two big ones. There is also a wholesome rivalry between the towns and that makes for better civic conditions. And all the people of the State are more homogenius than otherwise, on this account. Similar thoughts and feelings prevail throughout the several communities and each can better appreciate the community ideals of the other. To be such when the railroads give us fairer treatment in the way of freight rates we may develop one or more big cities. But even then there will be several cities rather than one or two.—Kinston Free Press.

TWINKLINGS.

—Mrs. Flagg—My husband never gives me the slightest cause for complaint. Mrs. Gnagg—Isn't he the mean thing!—Boston Transcript.

—Housewife—"Why don't you go to work?" Tramp—"I'm an honest man, mum; an' I can't find any business that isn't full of graft."—Puck.

—"Tell me," said the lovelorn youth, "what's the best way to find out what a woman thinks of your?" "Marry her!" replied Peckham promptly.—Catholic Standard.

—"But sometimes it's right to tell a white lie, isn't it?" "Perhaps. But I notice that when a man gets that diea, it isn't long till he becomes colrblind."—Cleveland Leader.

—"The trouble with him is that he lacks tact. Now in politics——" "Well, he's honest." "Yes. I was just saying that he lacked tact when you interrupted." — Philadelphia Public Ledger.

—A young man said to the divine object of his adoration: "Do you think your father would object to my marrying you?" She replied: "I don't know. If he's anything like me, he would."—Spartanburg Journal.

—Maxton, July 18.—The cantaloupes are beginning to move freely from our section now, and today it has been difficult to get iced cars sufficient for loading them. While some of our growers have been shipping in a small way for some three or four weeks, not until this week have there been any solid car loads taken from this point, but as the yield is very large in most fields, and labor fairly plentiful, next week should see from five to ten cars daily leaving. One of our growers tells me he is assured of from three to four hundred crates per acre, which is a good yeld; and the price thus far has averaged over a dollar net. It will be several days yet before the watermelons will begin to move, and as the crop is light, shipments will not be as heavy as last season.

—Rocky Mount, July 18.—Having caught from the kitchen, during an early hour Friday morning, the home of Mr. Wilson Vick, about six miles from this city in Nash county, near the Dortches section, was destroyed by fire. His family, who were the sole occupants of the home, were forced to flee for their lives and nothing was saved. The loss represents about $1,000. That this planter has the progressive spirit is evidenced by the fact that though his home was destroyed after midnight, before the noon hour yesterday he had a force of hands moving the ruins of the old building, and had already engaged the carpenters to begin rebuilding.

IT SAVES YOU MONEY.

The special half price sale of Dr. Howard's specific for the cure of constipation and dyspepsia by the J. Hicks Bunting Drug Co., means the saving of a few dollars on every family's yearly bill for medicines.

Each 50 cent bottle (Mr. J. Hicks Bunting sells it for 25c.) contains sixty doses of a medicine that is pleasant to take and which can be depended upon to cure the worst case of constipation, dyspepsia or liver trouble. Mr. J. Hicks Bunting has so much faith in the superior merit of this medicine that he says: "If Dr. Howard's specific does not cure you, come back to our store and we will return your money."

This remedy is not an ordinary medicine. It is the favorite formula of a well known physician, and has the endorsement of hundreds of physicians of eminence in their profession, who prescribe it in all cases of constipation, dyspepsia or liver trouble.

S.S.S. THE CURE FOR SCROFULA

The usual symptoms of Scrofula are enlarged glands of the neck, sores and ulcers on the body, skin affections, catarrhal troubles, weak eyes, and general poor health. The inherited poison, transmitted through the blood, pollutes and weakens this fluid, and in place of its nutritive qualities fills the circulation with scrofulous matter, which saps the vitality of the entire system. Thousands of children, born with a scrofulous taint, have spent their childhood in constant physical suffering, and grown to manhood or womanhood handicapped by ill health and stunted growth, and perhaps later some disease of the bones or joints developed. S. S. S., given in their early life, would have prevented this. It would have cleansed and purified the blood of the taint, nourished and stengthened their systems, and assisted each to grow into strong, healthful manhood or womanhood. S. S. S. is the very best remedy for Scrofula. It goes down to the bottom of the trouble, and cleanses the circulation of all scrofulous matter. It supplies the weak, diseased blood with strength and health-building qualities, and under the purifying effects of this great remedy all symptoms of Scrofula pass away. S. S. S. contains no minerals in any form, and is an absolutely safe treatment for children, even infants, or persons of any age. Literature about Scrofula and any medical advice free. On to Columbia! The Trip That Beats Them All.

Thomas H. Knight will run his annual excursion from Wilmington, N. C., to Columbia, S. C., on Monday, August 2nd, when a rare chance will be given to visit one of the most beautiful cities of the entire South at a trifling cost. Columbia aside from its historical interest is a city of generous hospitality. It stands alone in its particular individuality and beauty, and is conceded by travelers who have been everywhere to possess a charm peculiarly its own, about which clusters a wealth of historical associations. There the excursionists will find sources of pleasure which appeal to every taste. It must be seen, its charm is lost in telling. Knight's excursions ere always popular and are patronized by the best people everywhere. Train will leave this point at 7:00 A. M. and will leave Columbia Tuesday night at 9:00 P. M. August 3rd. The fare from here is only $2.50. Don't miss the trip of your life.

The Case of Major Iglehart

[Copyright, 1909, by American Press Association.]

It was a queer case, that of Major Iglehart. He was neglectful of duty, slovenly in appearance and drank hard. His uniform hung on him limply, his coat turned green, his boots were muddy, and his hair protruded through a hole in his hat.

Charges for conduct unbecoming an officer and a gentleman—drunkenness—were preferred against the major. They were about to come up for trial when suddenly the enemy came down on us. The colonel led the retreat, the lieutenant colonel following in close order. Of the field officers the major alone was at the front. But he was not the officer we had known. He was transfigured. He sat erect on his horse, his eye lighted with the fire of battle, and his orders rang out in a clear, ringing tone. It seemed that he had returned to the being he had been before some great sin or some great grief had blighted him.

He found the men in confusion, some flying, some gathering their weapons and accouterments, some making an effort at formation. The moment he appeared, out of the struggling mass a line developed, and those running to the rear came back and re-enforced it. Seizing a standard, he called upon us to follow and, charging, saved the day.

After it was over all reverted to its former status. The colonel and lieutenant colonel resumed command, and the major got drunk. But the charges were quietly withdrawn. Though the major greatly lowered the moral and social tone of the regiment, he must be endured. Everybody felt that way—the field officers because he could lead the men in battle and they could not, the line officers and the men because they must have some one to lead them when there was fighting to do No one thought of advancing the major to the position of colonel. Such a colonel would ruin the regiment with the army. For a while we tried to treat him with consideration, but he was so shabby, so unsoldierly, in every way so degraded, that we soon gave it up and realized that our handsome colonel was still our commander.

And so it continued. When the colonel spoke to us, as he often did, in a pleasing and dignified manner, calling us "my boys," we cheered, but the first thing we knew we were following the major over breastworks or standing in line with teeth set, taking punishment. Every time there was fighting to be done he loomed up at the front, and when it was over he sank back into his habitual stupor.

Under our colonel the regiment acquired an excellent reputation for discipline and soldierly bearing. Under the major's leadership in battle we became known as one of the most gallant bodies in the army. Of course the regiment must be honored in some one's name, and it was impossible to honor us through the major. Therefore the colonel got no end of mention for gallantry and eventually was made a brigadier general. That let the lieutenant colonel in for the balance of the glory, all of which emanated from the major.

The major never made any complaint at the fact that all these honors passed over his head. He didn't seem to care. Nor did any one in the regiment object. We all felt that our services should have recognition and considered that honors conferred upon him would be no recognition at all.

At the last fight the major fought the army was held in check by a hill on which the enemy had planted artillery, and everything was at a deadlock. The general rode up to our regiment and asked for the colonel and lieutenant colonel in quick succession. Nobody could tell him where they were. He asked for the next in command. Some one told him that Major Igleheart was asleep on a fence rail near by. At that moment the major appeared. The general looked at him in despair. Nevertheless he gave him an order to take the hill.

The way the major walked us up that hill was a sight to behold. The general beheld it from below and when the hill was ours rode up and asked for the major. We showed him the officer lying on the ground with a bullet hole in his forehead. The general turned away sadly with the remark, "If he had lived he should have had a division."

We all knew more about that than the general. The major in command of a division! Absurd! Yet there was something about the clay he had left behind—his former self—that made us forget his second self and think of him as a major general. With that look on his face we buried him, fired a volley over him and forgot him till the next fight, when, having no one to lead us, we covered ourselves with disgrace and after several such episodes were mustered out of the service with dishonor.

But to finish about the major. The day after he was killed a letter came for him addressed in a woman's hand. Not knowing what to do with it, the adjutant concluded to consider it a dead letter, open it for the address of the sender and return it. It read:

My Darling—Today my sun, which set when you left us, believing you a guilty man, has risen, though, oh, how sad! Will has confessed. You may now assume your own individuality and come back to us. Doubtless, coming as a soldier from the front, you will have great influence in obtaining a pardon for him. Come to me, my love, and forgive me for believing you when you made that false confession. In life and in eternity your love, ALICE.

The letter went back to Alice endorsed, "Killed while glory dropped a wreath upon his brow." And that's the last we ever heard of the case of Major Iglehart.

KINGSBURY WELCH.

The Acclimated Piano

In buying a piano let tonal quality by all means be an important consideration—but let the chief question be, "How long will that tonal quality be maintained?"

And this is where the

Mathushek Piano

particularly excels; for this world-famous piano—40,000 in use—is built to withstand the ravages of the fickle, trying southern climate.

One of its unusual advantages is the "bushed" or insulated tuning pins which keep the tension of the strings uniform regardless of temperature or weather conditions, *making frequent tuning unnecessary, and ensuring a permanence of musical quality.*

Other Mathushek features are the Improved Muffler, or Soft Stop, and the Sostenuto or Tone-Sustaining Pedal, which is much more effective than in other pianos.

This splendid Instrument can be bought practically on rental terms. $25 cash and balance as little as $10 a month. Old piano taken in part payment.

Style 20, shown above, is the equal of any $600 piano of other makes. Its price is $450 on the easy terms just stated.

See the Mathushek before buying any piano. Write for handsome descriptive catalogue, free on request.

HURRIEDLY LEFT THE BAKE

Disquieting News From Washington, Upset Mr. Whitehead's Outing.

A special to the Charlotte Observer says:

Tacoma, Wash., July 17.—Visibly affected when he read dispatches from Washington bearing rumors that Taft favors the House tariff rate of $1 a thousand on lumber and that the President had urged the Senate to accept this provision, Z. W. Whitehead, a prominent lumberman of Wilmington, N. C., hastily left a big clam dinner and started for home.

Mr. Whitehead was a member of a party of delegates to the National Lumbermen's Association Convention at Seattle, who had come to Tacoma on an outing and received the information just as he, with some forty other lumber manufacturers, were sitting down to a clam bake, prepared in the visitors' honor. Hastily excusing himself, Mr. Whitehead took departure for Seattle and will tonight take a train East. His motive for leaving so suddenly is not known, and his fellow lumbermen had a good laugh at his expense.

Mr. Yates a Director.

Mr. C. W. Yates, so well known as a leading business man of this city, has been elected a director of the Cumberland Savings and Trust Company, of Fayetteville, of which Mr. Frank H. Stedman is president. Mr. Yates is a strong friend of the "Cumberland," and on a recent visit to Fayetteville became so impressed with the condition and prospects of the bank that he decided to increase his holdings of stock. The addition of the commercial feature to its business has proved a pronounced success, which will be good news to the stockholders, of whom their are a number in Wilmington.

AT WRIGHTSVILLE BEACH

Great Crowds Having Delightful Time at Popular Seashore—Accommodations of Hotel Continues Taxed—Excursion.

The vast throng of visitors at Wrightsville Beach are having a splendid time and the guests depart for their homes with much reluctance. The hotels were again overflowing yesterday and a number of the visitors returned to the city for accommodations.

The concert at the Seashore Hotel Sunday morning by the Lumina and Nixon Family orchestras, ably assisted by several local musicians, was attended by a crowd that taxed the seating capacity of the assembly hall and many stood on the veranda to catch the sweet strains of music and they were wafted through the windows. It was pronounced one of the best events of the kind ever given on the beach. The concerts at Lumina in the afternoon and evening were also largely attended.

In addition to the regular guests the hotels had a large number of townspeople and others as guests for dinner Sunday. Among those who arrived at the Seashore yesterday were: C. H. Carter, Winston-Salem; Luther M. Tesh, field secretary of the World Wide Baraca Union; G. W. Tomlinson, Fayetteville; H. P. Dortch, Goldsboro. Among those registered Sunday were: Miss Bessie Register, Raleigh; Dr. O. J. Bender, Pollocksville; L. S. Ward, Jacksonville; L. E. Barnes, Wilson; D. S. Cox, Columbia, S. C.; G. L. Rivenbark, Watha; Mr. and Mrs. A. A. Wood, Gaffney, S. C.; Miss Salome Hill, Mullins, S. C.; Mrs. T. R. Mathews, Atlanta, Ga.; J. Frank Thompson, Raleigh.

Mr. and Mrs. M. B. Yates and two children, of Atlanta, Ga., arrived at the Tarrymoore yesterday to spend some time. Among those registered at the Tarrymoore Sunday: J. S. Primrose, Raleigh; Miss Julia E. Douglas, Florence, S. C.; L. O. Pigford, Newbern; Mr. and Mrs. M. N. Hales, Goldsboro; Mr. and Mrs. F. M. Walters and children, Raleigh; Jas. H. Harkey, Charlotte; Miss Marie Brunson, Florence, S. C.; Mr. and Mrs. W. B. Snow and child, Lumberton; M. J. Best, Goldsboro; J. D. Murray, Columbia, S. C.

The following prominent Atlanta men returned yesterday from a short fishing expedition to Topsail Sound, where they caught seven large drum, weighing in the aggregate 150 pounds: Messrs. E. P. Ansley and H. E. Watkins, real estate men, the former being the man for whom Ansley Park, Atlanta, was named; Capt. E. A. Herring, a popular railroad conductor, and Mr. J. G. Evins, a large furniture dealer. Mr. Evins had the honor of landing the largest fish, which weighed about 30 pounds. These gentlemen are very fond of fishing and expect to take several more expeditions before leaving the beach.

Mr. James Ker, Jr., traveling passenger agent of the Seaboard Air Line, with headquarters in Charlotte, visited the beach yesterday, coming in on the train from Newbern in the afternoon. He left last night at 7 o'clock for Raleigh. The purpose of Mr. Ker's visit was to make arrangements for handling the beach visitors on their return home. He announced that the Seaboard would have an ample number of Pullmans reserved at Hamlet to handle the visitors.

In addition to the bi-weekly service from this city and the connections with the regular Pullmans at Hamlet the Seaboard will have one, or more if necessary, Pullmans at that point for the accommodation of those returning to their homes from Wrightsville. It will not be necessary to telegraph ahead for accommodations unless a lower berth is wanted.

Mr. Ker, who has been in the railroad service for 31 years and frequently visits Wilmington with excursions, said that this had been the best year for his road in the history of Wrightsville Beach. The travel from Georgia has been especially heavy, but has been well handled by the railroad. There has been a falling off in the number of excursionists from nearby towns which the railroad attributes to the passage of the prohibition law.

Mr. H. S. Leard, of Richmond, Va., an experienced passenger agent of the Seaboard, will arrive here in a few days and will spend the remainder of the season on the beach looking after the road's interests.

A special five-day excursion from Atlanta will arrive here some time tomorrow and it is expected that it will bring between 700 and 1,000 visitors. A message from Atlanta yesterday was to the effect that over 500 tickets had been sold for the trip. The train will be run in two sections, one consisting of solid Pullmans, and will leave Atlanta tonight.

MR. R. A. BURNETT RETURNS

Police and Fire Commissioner Back From Sojourn Abroad.

Mr. Richard A. Burnett, police and fire commissioner of the city, returned yesterday morning from New York where he arrived on Sunday from Glasgow, Scotland, after a sojourn of several months abroad on business for the Standard Turpentine Company, of Wilmington and New York. Mr. Burnett first spent several months in France and later came over into England and Scotland where he spent some time. While his trip abroad was quite enjoyable, of course, Mr. Burnett says that "it's America for him" and that he is glad to get back. Mr. Burnett left the city shortly before the Police and Fire Commissioners took charge of these departments of the city government and he will qualify in a few days and enter at once upon his duties.

Clearance in Summer Silks

Beautiful Lustrous Foulards, Fancy Silk Batistes and White Mercerized Fabrics at Alluring Prices.

The time has come for the Summer weaves with their sheer, filmy beauty to say "good bye." The Fall silks are standing on the threshold, clamoring for admittance. We must have room.

There is one never failing way to secure it, and that we have adopted. Prices on many of the fabrics have been cut in half. All fresh new goods in desirable colorings and weaves.

A new silk dress for evenings is always a welcome addition to the wardrobe, purchase the makings for one while these enticing values hold sway.

75c Foulard Silks Reduced to 39c
$1.00 Foulard Silks Reduced to 59c

Foulards have had a tremendous vogue this season, their lustre, their ability to stand wear and tear, and their draping qualities making them deservedly popular.

These foulards at 39c are all new, wanted goods in fancy patterns.

The fact that the number of patterns is limited explains the reduction in price.

Fancy Silk Batiste at Half

Regular 50c quality 19c

A wide range of patterns in this fabric whose sheerness and exquisite colorings have won such a high place for it.

Bewitchingly pretty it makes an ideal material for the evening gown or party frock.

Reductions in Mercerized Batiste & French Lawn

39c quality for 27 1-2c

We have a quantity of this fascinating weave in white only. Just a little too much in fact for this time of the year.

We've cut the price in generous fashion and you will hardly be able to resist such a splendid combination of beauty, service and low price.

AUTOMOBILE DRIVERS

Complaint That Machines Are Entrusted to Irresponsible Chauffeurs.

On the street there is much complaint that many automobiles operated in the city and county are entrusted to irresponsible young negroes as chauffeurs and it is being suggested that the Board of Aldermen follow the lead of other cities in requiring that all drivers of automobiles be licensed after a proper examination as to qualifications, competency, etc., Of course such an examination could not be more than cursory, but it is argued that such a regulation of high speed vehicles would result in a marked improvement of conditions as they now exist. Yesterday morning near Second and Market streets, a bad accident was narrowly averted in the case of a young negro in charge of a high power machine. Other instances are also cited as making it very desirable that some regulations should be prescribed for drivers of cars on the public highways.

Tug Sea King Overhauled.

The tug Sea King, Capt. Edgar Williams, arrived in port yesterday afternoon from Charleston, S. C., where the tug proceeded Sunday a week ago to be overhauled. This was the regular Summer overhauling and the tug was made ready for the heavy towing of the late Fall and Winter.

NEW ENTRANCE TO ACADEMY

Public Building Committee Decides to Recommend New Departure.

At a conference of the Public Building Committee of the Board of Aldermen, Mr. S. A. Schloss, the lessee, and Mr. H. E. Bonitz, the architect, yesterday morning the committee decided to recommend to the Board of Aldermen that a new entrance be provided to the theatre through the City Hall portion of the public building and that the old entrance on the Princess street side, be abandoned, except for colored people. It was also decided to make an exit from the building in case of fire into the City Hall yard on the north side of the building. It is proposed to have the new entrance 16 feet wide and this will afford a fine lobby or foyer in front. The committee will also recommend the laying of a tile floor in the hall of the building leading to the municipal offices and to the theatre entrance. With the new arrangement, the architect says that the building can be entirely emptied of a capacity house within 30 seconds. It is stated that to carry out the extensive improvements now under way the lessee will have to spend $7,500 instead of $6,000 as was obligated and made a condition to the lease.

Present at the conference yesterday of the Aldermen were Messrs. W. E. Yopp, B. O. Stone, J. A. Karr and F. W. Bonitz.

MR. WM. T. KEEL DEAD

Passed Away at Home on Campbell Street Yesterday Afternoon.

Many friends will learn with regret that Mr. William Taylor Keel, for the past two years a resident of Wilmington and road master for the Atlantic Coast Line, passed away at his home, 214 Campbell street, at 6 o'clock yesterday afternoon, following an illness of some time. Mr. Keel was injured on the local yards of the company about a year ago from which he never quite recovered. He was able to return to his work, however, and had been confined to his room only for the past three weeks.

Mr. Keel was 50 years old and had been with the Coast Line for 15 years, at Fayetteville and Sumter, S. C., and for the past two years in Wilmington. He was well liked by his associates and others who knew him and the news of his death will be received with sorrow.

Mr. Keel is survived by a wife, two married daughters, Mrs. J. A. Cuthrell, of Rocky Mount, and Mrs. P. S. Taylor, of Wilmington, and four small children.

The remains will be carried to Sumter, S. C., near which place the deceased was born and reared, on the 5 o'clock train this morning and the funeral and interment will occur there in the afternoon.

DEATH OF PROMINENT GERMAN

Mr. Carl F. Von Kampen Found Dead in His Room Sunday Morning. Apoplexy Cause of Death. Funeral Yesterday.

The announcement Sunday morning of the sudden and unexpected death of Mr. Carl Frederick Von Kampen, which occurred during the preceding night at the home of his nephew, Mr. C. P. B. Mahler, 23 South Second Second street, was received by hundreds of friends throughout the city and elsewhere with genuine sorrow. Mr. Von Kampen was one of Wilmington's best known German citizens and was generally esteemed for his many gentlemanly qualities.

Mr. Von Kampen had suffered for the past few weeks of acute indigestion, but Saturday appeared to be feeling unusually well. He remained up until after midnight talking to Messrs. William and C. P. B. Mahler and when he retired he did not appear to be ill in the least. Sunday morning about 8 o'clock he was found in his room on a rug near the window dead. He suffered a stroke of apoplexy during the night which caused his death. It is surmised that when the attack came on he arose and lay down near the window in the hope that the fresh air would be of benefit to him.

Mr. Von Kampen came to Wilmington in 1871, when he was 19 years old. Shortly after coming here he engaged in business at corner of Fourth and Castle streets, and made a great success, amassing a snug fortune. He retired from active business in 1897 and since then had been living quietly with his nephew. He was a splendid business man as is attested by the great success he made in business. He was generally beloved and esteemed by all who knew him for his many noble traits of character. He was a big, liberal hearted man, who loved his friends like brothers.

For some time he was president of the Hanover Seaside Club, Wrightsville Beach; was a prominent councilman in St. Paul's Lutheran Church, and an active member of Germania Lodge, Knights of Pythias, member of the Board of Audit and Finance in the early 90's, and a member of the Howard Relief Company, of which he was president for a number of years. Had he lived until September 5th of this year Mr. Von Kampen would have been 57 years old. He was unmarried.

Surviving are one sister, Mrs. Mary Mahler, who lives in Germany; four nephews residing in Wilmington, Messrs. C. P. B. Mahler, W. A. Mahler, E. P. H. and C. F. Strunck, and one niece, Mrs. J. W. H. Fuchs, of this city, besides a large number of other relatives in the old country.

A brief funeral service was held from the residence of Mr. Mahler at 4:30 o'clock yesterday afternoon, conducted by Rev. Wm. A. Snyder, pastor of St. Paul's Lutheran Church, after which the remains were tenderly removed to St. Paul's Lutheran Church, where the concluding services were held. The services were attended by a very large number of relatives and friends of the deceased, and the floral designs were beautiful and profuse, attesting in a measure the high esteem in which the deceased was held by his friends. The interment was in Oakdale cemetery and the following acted as pall-bearers: Honorary, Messrs. M. Rathjen, John Haar, F. W. Ortmann, M. G. Tienecken; active, Messrs. J. G. L. Gieschen, Jurgen Haar, J. C. Boesch, J. D. Dosher, Sr., J. W. Duls and H. T. Duls. There was a large attendance of the members of the local lodges of the Knights of Pythias and the burial was with the honors of that order.

THE SURVIVORS OF BETHEL.

Mr. L. Leon, of This City, Proposes Reunion in Charlotte.

The State reunion of the Confederate Veterans of North Carolina will be held in Charlotte August 25th and 26th and Mr. L. Leon, of this city, one of those who fought in the battle of Bethel, suggests that at that time a reunion of all the survivors of the first battle of the war be held. The following card was prepared by Mr. Leon yesterday and its publication was requested:

"Boys—There will be a State reunion of North Carolina Confederate Veterans in Charlotte the 25th and 26th of August. Why not have a reunion of the boys who fought at Bethel, June 10, 1861, forty-eight years ago, and see how many of us God has spared? And remember as yet there is not even a marker for our comrade, the first man killed in the battle, Henry Wyatt. If this meets the approval of the men of Bethel say so in the State papers and we will meet on one of the days of the State reunion. Your comrade, 'Spring Chicken', Company C., First N. C. Volunteers.

"L. LEON."

Federal Court Today.

A special term of the United States court will convene here this morning with Judge H. G. Connor, of Raleigh, presiding. It is expected that the term will be very brief as there is but little for consideration. A few motions and cases in chambers will be heard and it is now thought that all business can be well disposed of in two or three days. This is the first term held here in some time and the first to be presided over by Judge Connor.

SOLDIER IS HEAVILY FINED

D. R. Green Had to Pay $40 and Costs For Insulting Ladies on Streets Saturday Night—"Blind Tiger" Case Dismissed.

D. R. Green, for four years a soldier in the United States Army, stationed at Fort Caswell, was the star performer in yesterday's session of the Recorder's court, first as a defendant and and then as a witness, appearing against a negro man for selling him whiskey with which he got gloriously drunk Saturday night, causing him to speak insultingly to some ladies on Front street. He was charged with disorderly conduct in two cases and was required to pay a fine of $20 in each case in addition to the costs, and the negro against whom he swore was discharged.

Green is the man who is said to have insulted some ladies on Front street Saturday night and whose name was secured by the officers as that of Floyd Garrett. It seems that Green had a knife in his pocket upon which was engraved the name of Floyd Garrett, a friend of his, and the officers took it for granted that Garrett was his name. Green testified that he did not have any recollection of speaking insultingly to any lady Saturday night, but admitted that it was mighty mean whiskey he was drinking. On account of the bad grade of whiskey and the affect it had upon him he decided to have Charlie Russell, colored helper in the old "Globe" saloon stand on Market, between Front and Water streets, arrested on the charge of violating the prohibition law. Green swore positively that he purchased two pints of whiskey from Russell, one about noon and the other about 5 o'clock in the afternoon, and that the negro went out of the store for it. He came to the city Saturday morning with his wife, who went away on the afternoon train.

Russell testified that he did not see Green during the day. He stated further that he had never seen Green before yesterday morning when he saw him in his cell.

Mr. Starkey, one of the proprietors, testified that at the hours Green said he purchased the whiskey Russell was not in the store; he had just gone out on some private business. The witness said he sold Green several bottles of near-beer during the afternoon. The fact that Russell was absent from the store as represented by Mr. Starkey was used by the prosecution to corroborate Green.

The prosecution was represented by Marsden Bellamy, Jr., Esq., and the defendant by Walter P. Gafford, Esq., both of whom presented their side of the case to the Recorder in brief speeches. The Recorder discharged the defendant.

G. C. Johnson, a white man, charged with disorderly conduct, failed to appear in court.

VALUABLE PROPERTY SOLD.

Hancock Property on Princess Street Purchased as Investment.

The real estate agency of Messrs. J. G. Wright & Son yesterday consummated a deal by which Mr. Chas. E. Taylor, Jr., cashier of the Wilmington Savings & Trust Co., became the purchaser of the valuable Hancock property on Princess street, next east of the office of Mr. James Owen Reilly, and the building thereon, the purchase price being stated at above $13,000. The property fronts 50 feet on Princess street and runs back into the block 110 feet. It is understood that Mr. Taylor acquires the property as an investment, the owners being Messrs. E. T. Hancock and G. Ford Hewlett, who purchased the interest of the other heirs in the estate. The property brought above $260 per front foot.

SUNDAY NEWBERN TRAIN

Brought Upwards of 200 Visitors to Seaside Resorts For Week-End.

The Sunday train on the Wilmington and Newbern road which was operated for the first time this week for the benefit of those who desired to spend a day at the seashore, returning the same night, proved quite popular with the people of Newbern and intermediate points upwards of 200 passengers having been brought in for the day. The train arrived at 10 o'clock and returned at 6:30 P. M. The train will be continued in operation each Sunday until the season is over. The patronage on the first trip is considered unusually good, when it is considered that only a few days before the Coast Line operated a cheap excursion from the same points, bringing a large number of people.

Continued Until Friday.

The cases against Z. H. Barnes, charged with false pretense in six separate cases, came up for hearing before Justice George Harriss yesterday afternoon, but was transferred to Justice Bornemann's court for trial, Justice Harriss stating that he preferred not to hear the case as he and Recorder Furlong have their office together. It will be recalled that the warrant was sworn out by an employe of Furlong & Company, sanitary contractors. Justice Bornemann will try the case Friday afternoon at 4 o'clock. The defendant is represented by Joseph W. Little, Esq.

OIL REFINERY SITE

Has Been Purchased Near Delgado and Work on Plant to Begin.

A private letter from Mr. Archibald Meldrum, president of the Southern States Cotton Oil Refining Co., which will begin at once the building of a large plant in this city, states that a site for the factory has been purchased and operations will be started as soon as the plans are ready. It is understood that the site determined upon is situated near Delgado on the belt line of the A. C. L., where unsurpassed shipping facilities will be enjoyed. Mr. James Meldrum, secretary and treasurer of the company, who is now in England, will sail from Liverpool next Saturday for New York and Wilmington. Mr. Archibald Meldrum, the president, is at Zebulon, N. C., where he has large cotton oil interests and is president of the Southern Spinning and Manufacturing Company. He is expected in Wilmington soon when further details of the company's plans for building here will be made known.

A LIVELY DEAD NEGRO.

Louise Robinson Lived to Read Her Death Notice in Paper.

Louise Robinson, colored, who was slashed under the left breast about a week ago by Dan Shine, colored, lived to read her death notice in the newspapers, an experience that not every one has. She is one of the liveliest dead negroes in the city as was revealed upon an investigation early Sunday morning. A colored woman by the name of Louise Robinson died late Saturday afternoon, but she was not the one that was cut. Someone heard of the death of Louise Robinson and knowing that a colored woman by that name had been cut, telephoned to police headquarters and told Assistant Chief Burnett that the woman who was cut was dead. Late Saturday night Assistant Chief Burnett dispatched two officers to the home of the Robinson woman in the hope that they might be able to ascertain the whereabouts of the negro who did the cutting. They did not find a corpse, but a very much alive person. The whereabouts of Shine is still unknown.

CONCERT AT LUMINA.

The Programme for the Event at the Beach This Afternoon.

The Lumina Orchestra will give its regular Tuesday afternoon concert at Lumina this afternoon, beginning at 4:45 o'clock. It is expected that the event will be largely attended by the music lovers of the city and the beach. The following is the programme:

Yoke Fellow Services.

Interesting services were conducted Sunday by the Yoke Fellows Band of the Y. M. C. A., at the county farm in the afternoon and Sunday night an open air service in front of Bladen Street Methodist church. Both of these meetings were well attended and talks were made by Messrs. K. W. Price and Thomas Grant.

At the Bijou Today.

"The Lost Invitation" is the offering at the Bijou today. The picture relates an interesting comedy and will prove highly amusing and entertaining to the patrons of the theatre. Hundreds of Wilmingtonians spend a half hour of enjoyment at the popular amusement resort every day.

First Service Largely Attended.

Sunday morning and evening the congregation of the Advent Christian Church of Wilmington worshipped in the Sunday School room adjoining the church building, which is in course of construction. This is the first service held in the new Sunday School room and was of an interesting nature and largely attended. The services were conducted by Rev. C. H. Sweet, of Dowling Park, Fla., and he was heard by attentive congregations. Mr. Sweet also conducted services there last night. He left this morning for Lenoir, where he goes to attend an important meeting of the Advent Christian Church.

Merchant Declared a Bankrupt.

Geo. H. Howell, Esq., referee in bankruptcy, yesterday morning declared H. Werblum, of Chadbourn, trading as the Werblum Clothing Company, a bankrupt on petition of certain creditors. The first hearing of the creditors is set for August 2nd in Whiteville. Werblum made an assignment some time ago and named C. D. Koonce, Esq., as assignee. Certain creditors were not satisfied and filed a petition in involuntary bankruptcy.

Must Report to Grand Jury.

Sheriff S. P. Cowan calls attention to the fact that upon the convening of Superior court next week he is required to make a report to the grand jury of all those who have failed to pay their special license taxes. There are several lawyers, doctors, horse dealers and photographers who have not yet paid the tax and their names will have to be presented to the grand jury unless the tax is paid by Monday.

"Twenty-Three" Dance.

At Lumina Friday night a special dance will be given and will be known as the "Twenty-three" dance because it will occur on the 23rd of the month. The feature will be the giving of a special souvenir to every 23rd young lady in the march. The event will doubtless prove as enjoyable as the many special dances that have preceded.

To buy advertised things is coming to be a fixed habit of the people—and it's a profitable habit, too.

Concert at Lumina today 4:45 P. M. **

NOTICE OF FIRST CREDITORS' Meeting. In the District Court of the United States for the Eastern District of North Carolina. In the matter of H. Werblum, trading as Werblum Clothing Company, Involuntary Bankrupt. No. 152 in Bankruptcy. To the Creditors of H. Werblum, of Chadbourn, in the county of Columbus, and District aforesaid, a bankrupt. Notice is hereby given that on the 19th day of July A. D. 1909, the said H. Werblum, trading as Werblum Clothing Company, was duly adjudicated bankrupt; and that the first meeting of his creditors will be held at the Court Room in Whiteville, N. C., on the 2nd day of August A. D. 1909, at 9:30 o'clock A. M., at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupt, and transact such other business as may properly come before said meeting. This 19th day of July A. D. 1909. Geo. H. Howell, Referee in Bankruptcy.

SPIRITS TURPENTINE

Reidsville, July 17.—The idea of a macadam toll road from Walnut Cove to Danbury and Piedmont Springs is meeting with encouragement. About $4,000 has already been subscribed, mostly in small sums, from $100 to $500.

—Laurinburg, July 17.—The Laurinburg & Southern road has been completed to within the limits of the town and freight is already beginning to roll over it. There is a slight delay in getting a right-of-way over the Seaboard Air Line into town.

—Rocky Mount, July 18.—A severe hail storm in the vicinity of the Odom farm, about five miles from this city in Edgecombe county Friday afternoon, did considerable damage and about twenty acres of tobacco suffered a great loss. On this farm the greatest loss that has yet been reported resulted. The hail storm lasted for several minutes, but covered a very small territory.

—Reidsville, July 17.—The automobile line established between Reidsville and Wentworth and Leaksville and Spray a few months ago is proving a paying investment to the promoters as well as a great convenience to the many who travel to and from these points. The traveling men agree that it beats a ride in a tiresome vehicle all hollow. It is rumored that more machines will be put on in the near future if the occasion demands it.

—Concord, July 18.—Mr. Caleb W. Bost, a well known farmer of No. 10 township, yesterday sold on this market 174 dozen cantaloupes. For the cantaloupes numbering 2,088 he received $78.30. He has only two and a half acres planted in this variety of melons and will realize a great deal more from the product. Mr. Bost has been supplying the market for several years in this manner and has made quite a paying business of it.

—Spring Hope, July 18.—Mannings township, Nash county, claims the record in high-priced listed hogs for taxation. County Commissioner S. A. Batchelor returned two hogs at $50 each, and they were not stock hogs either. Mr. Batchelor expected to kill last Winter, but failed to do so. They will weigh 600 or 700 pounds now and there is no telling how much they will weigh at killing time. The usual listing price is regarded as high at $10 for sow and pigs.

—Reidsville, July 17.—Mrs. Jennie S. Carter, a highly respected and well known lady living near Gatewood's store, Caswell county, died at her home yesterday morning from the effects of taking a dose of strychnine, which she thought to be quinine, Wednesday night. Mrs. Carter had been unwell for some time and was accustomed to taking quinine for relief. Wednesday night she left home about as well as usual to spend the night with Mrs. Garrett, a neighbor, and before going took a vial containing the poison. Medical skill was summoned, but to no avail.

—Maxton, July 18.—Work was recommenced on the buildings of Carolina College this week, and subscriptions are coming in all right, and those behind the work say they have determined that there shall be no further cessation of work until completed, which they hope to have done by the first of the year. Now that money is easier, there should be no delay whatever in this most important work, and we trust the managers will have no difficulty whatever in securing funds necessary for the rapid prosecution of the work.

—Spring Hope, July 18.—Mr. J. I. Barbee, an enterprising citizen of this place, and a direct descendant of one of Oliver Cromwell's brothers, who came to this country in 1674, so says Wheeler's History of North Carolina, page 199, is building a new roller flour mill at the site of the old Webb mill on Tar river, two miles from Spring Hope. Mr. Barbee, who is as determined in his manner as his famous kinsman, means to make this mill the centre of attraction for the farmers of some three or four counties. The old Webb mill house will be torn down and a new house built in its place. The work is in progress and within the next week flour will be ground at this mill.

—Hamlet, July 17.—Three dispensers of the oil of joy were arrested here last night on a warrant sworn out by W. A. Jackson. The defendants are Will Henderson, J. C. Henderson and F. Leviner. The officers captured a big quantity of the forbidden liquid some time ago but were unable to place the charge on the real guilty parties. They think they have the right parties now and it is likely that a number of cases will be made against them. The defendants were tried this morning and bound over to court under a $200 bond each. The officers are determined to put a stop to the blind tiger business in Hamlet.

—Laurinburg, July 17.—The building for the new Waverly cotton mill is nearing completion. Two weeks more ought to see it ready for the machinery. The contracts for the machinery call for its delivery on the first day of August and no delay is anticipated. Originally the contracts were for the equipment of a 15,000 spindle mill, but subscriptions continued to be made in such amounts that the equipment will now be for a 20,000 spindle mill. The singular thing in the building of this mill is that not a dollar of the entire subscription has been solicited. This is due to the very great confidence that the people have in the ability of Mr. J. P. McRae, its president, who is a prince among mill men.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 19.—The cotton market continued very nervous and unsettled today with prices suffering another sensational break end with the close at a net decline of 28 to 36 points.

The market opened weak at a decline of 12 to 23 points and shortly after the call sold 25 to 29 points net lower on press reports of beneficial rains in Texas, these reports also having influenced the English market, which, after starting decidedly better than due, broke sharply before the hour of the local opening. The local bear clique seemed willing to take profits on a good part of its line around 11.84 for December and the demand from this source in connection with fresh buying for long account and continued support from some of the remaining bulls who are believed to be heavily long of the market at considerably higer prices, caused a rally of 10 or 15 points during the middle of the day. This improvement was aided by the official detailed report from Texas showing that the rains had not been heavy enough to do damage except at a couple points and bullish reports concerning the Texas crop outlooking chiefly from Memphis but there was no renewal of general buying and the western belt forecast for showers in southwest Texas was followed by private wires reporting rains in that section during the afternoon. December contracts which had rallied to 11.99 suffered a very severe break in the last half hour, selling off to 11.77, 110 points below the high records of last Tuesday under a renewal of aggressive bear pressure and liquidation on the Texas rain reports and the market closed at the lowest. Southern spot markets officially reported early were unchanged to 1-4c lower.

Receipts at the ports today 5,460 bales against 2,429 last week and 2,666 last year; for the week 25,000 against 30,289 last week and 23,660 last year. Today's receipts at New Orleans 667 bales against 386 last year.

Spot cotton quiet, 25 points lower; middling uplands 12.40; middling gulf 12.65; sales 800 bales. Futures opened weak and closed easy.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, July 19.—The dry goods market opened firm and with good orders reported in the mail. House trend was generally quiet in piece goods. Raw silk is easier. Yarns are very firm but little buying was reported except where concessions from the extreme top of last week were made.

MARKET GOSSIP.

(By Wire to the Morning Star.)

New York, July 19.—The Monday stock market showed good effect of last week's strong tendency in the accretion of buying orders from outside sources with the opening of the new week. It is true these orders reported by the commission houses were accompanied by selling orders which were considered to represent profit taking on holdings of securities of an investment character which have been held since an early stage of the recovery in prices. Early efforts centered on St. Paul. There were obvious efforts to effect realizing sales in United States Steel to take advanage of the high price to which it had risen last week.

Union Pacific did not continue its strong appearance after the advance of the first few minutes. News was interpreted favorably. Even the labor troubles in some departments of the steel trade were given a hopeful implication as signs of a return to prosperity which the wage earners were pressing to share. American Car made a noteworthy gain. Call loans were perceptibly easier again. The pressure of realizing sales on the market increased as the day progressed and made the closing tone easy with a mixture of net declines. Bonds were firm. Total sales, par value were $4,136,000. United States bonds were unchanged on call. Total sales today were 749,700 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

LUMBER AND SHINGLE MILLS

The largest stock of cypress shingles carried in the State. We always have over a million in stock.

We make 13 different grades and sizes, varying from $2.00 to $10.00 per M. Our shingles are recognized in the Northern Markets, as well as in the West Indies, as the very highest standard, both in grade and manufacture. "We have a standing guarantee that " we give (2) good ones for (1) bad one."

Don't buy any shingles that do not have W. W. Koch in large type on every bundle.

We do not dip the ends of our shingles in red ocre to hide windshakes and other defects. Don't buy until you get our prices and compare the shingles. We make and dispose of 20,000 shingles per day.

We furnish all the shingles for the government at Fort Caswell, ours being the only shingles tat stand government inspection.

BASE BALL

National League.

New York, July 19.—New York and St. Louis divided a double header today the first game which went 16 innings, equalling a record established on the Polo grounds last year. This contest which the visitors won, 4 to 3, was the second 16 inning game ever played by major league.

Harman, recently of Shreveport, Texas League was St. Louis' pitcher in the long event and after the third inning New York could not score on him.

In the second game Ames was in splendid form and his great pitching enabled New York to break even on the day. He fanned eight men in seven innings.

The Highlanders Win.

Wilson, N. C., July 19.—'Twas a beautiful exhibition of fine ball playing this afternoon, the game being won in the fifth inning by the visitors, Lohr and McKernan scoring. In this inning Buckingham allowed the first man up to walk, this coupled with three hits, furnishing the visitors the winning score. In the third the locals began to warm up when Gilmore knocked a two-bagger; Buckingham sacrificed and Gilmore went to third; then on Cooper's sacrifice Gilmore made the first successful "squeeze" on the Wilson diamond this season. In the fifth Wilson had the chance of her life but the snappy playing of Fayetteville's well trained men barred her from making another score. The features for the locals was when Buckingham got himself out of a deep hole; also, Hallman was deep in the ground in the eighth but he extricated himself when two men were on bases and no one down. He was determined that there should not be another score, neither was there. Anderson and Yerkes both work tomorrow, and instead of leaving for Boston Wednesday night they will leave tomorrow, Tuesday night, accompanied by Mrs. Anderson and little daughter and Mrs. Yerkes. Score:

Fayetteville ....200 000 000—2 7 3
Wilson .....001 000 000—1 8 2

Hallman and Galvin; Buckingham and Gilmore; umpire Forbes; time 1:40; attendance 400.

First Add Giants.

Raleigh, N. C., July 19.—In a rather indifferent game this afternoon Raleigh defeated Rocky Mount 3 to 2. Raleigh knocked Fitzpatrick out of the box in the first inning. Score:

Raleigh .. .. ..200 010 00x—3 5 0
Rocky Mount ...000 101 000—2 8 1

Yerkes and Irwin, Fitzpatrick, Lloyd and Walsh; umpire Cook; time 1:28; attendance 850.

DEFERRED HOPES.

Paralyzed.
Giantized!
It could have been worse, of course.
Watch "Ducky" Hemp. He's going to make us feel bad yet.
Well, with Otis having had his turn already, maybe the two others will be easier.
It seemed good to see Capt. Dick Smith's name up in the batting order yesterday. He will get the team together again at once.
Brodie was making up for lost time Saturday and got two bingles yesterday. Sharp got two also, one of them for an extra base.
Pitcher Bussey, last year with Wilmington and this season with Richmond, Va., has been purchased by Goldsboro for $100. Owing to disorganization, Richmond has been losing steadily the past two weeks and Bussey was one of several players that have lately left the team because of their dissatisfaction with the management. Bussey came through Goldsboro to Wilmington Sunday and says that he has given up baseball and will probably handle the indicator for the rest of the season.

WORK ON ISLAND WATERWAY

First Five Miles Completed at Beaufort, N. C.

(By Wire to the Morning Star.)

Beaufort, N. C., July 19.—Nearly five miles of the Inland Waterway from Beaufort to the Neuse river—designed to avoid the dangers of navigation off Cape Hatteras, have just been completed. The dredging boat is now located in a creek, where much difficulty is being encountered.
